Discovery 975 Bluetooth® Headset

Features AudioIQ², the next generation of Plantronics' AudioIQ digital signal processing (DSP) technology, and two microphones to precisely capture the user's voice and simultaneously cancel background noise. Windsmart® technology blocks wind noise and helps deliver your clear, natural voice to the listener.

Charging Case

The Discovery® 975 comes with an improved recharging carrying case that can triple talk time from 5 hours up to 15 hours, while protecting and storing the earpiece.

The new case includes a built-in LCD screen that displays the battery and earpiece charge levels, as well as Bluetooth® connectivity.
