XENTRIS ADDS TWO SEASONED PROFESSIONALS TO TEAM

Addison, IL, May 1, 2007. Xentris LLC today announced the addition of two new seasoned professionals to their sales team. The move is in response to the company's rapid growth in the carrier, indirect and retail channels.

The company welcomed Chris Martinez as the Executive Director of Carrier Sales. With over 15 years in wireless industry, Chris most recently was the National Sales Manager at San Disk. Additionally, he was the Director of Carrier Sales at Jabra for 3 years, a National Account Manager for Andrew Wireless Products for 3 years and was a Regional manager at CellStar. He has extensive experience in all channels.

Doug Mahaffey joins Xentris as the Director of Carrier Sales. Prior to his role at Xentris, Doug was Directory of Sales for Body Glove Mobile Accessories with Fellowes, Inc. working with Carriers, Distributors, OEM's and Retail customers on their wireless accessory needs. He was on board for the launch of PrimeCo Personal Communications in the Chicago area in 1996. From that time until 2002, he held several positions, including Director of Retail Stores, Indirect Channel Manager, Business Sales Manager, and Handset Procurement Manager. Doug has over 23 years of experience in the wireless industry.

Chris and Doug will be focusing on the company's carrier business.

About Xentris LLC

Xentris LLC, a privately held company, is a leader in manufacturing and distributing wireless accessories including aftermarket and OEM products. Major markets include the wireless carrier network and their supporting dealer and agent channel, retail and eCommerce.
